MR. FRANK YON

A man of wisdom, Mr. Yon attended Lock Haven State College in Pennsylvania, where he received a Bachelor of Science degree. He earned his Master of Arts from Wayne State University. Other math institutes he attended were at the University of Southern Carolina, Northern Michigan University and Andrews University, located in Berrien Springs, Michigan. Mr. Yon majored in mathematics and minored in social studies. Although dedicated to education, he uses his humor to make his Algebra, Geometry and Trigonometry classes more interesting. The 1976 Viking Staff had an even more difficult job producing the yearbook this year. Over half the staff were new people, giving the old Viking staff two jobs — their appointed duties plus instructing the new students. Mrs. Bellow, of course, had the most to do, staying up late nights, checking layouts before deadline, and answering all the how's, where's, and when's. Mrs. Bellow, along with the entire Viking Staff, tried to pack the 1976 Viking full of Bicentennial spirit. They all hope that MHS is as proud of the Spirit of '76 as they are.

Eight ambitious students set out to publish the school paper as a way to inform fellow classmates of "What's happening?"

"Elmost" and "Gimp" gave a little "Jive Talk" as they predicted the football season's games.

The comedy team of Sue Collard and Kathy Samuelson was finally destroyed when Sue was put on

Then there was Mike Willemsen who served as two important figures-Literature and "Ann Landers."

Kim Greenhoe, between eating her oranges, covered the girls' sports.

Lene Pavlov, usually adorned in her over-sized shirt, was in charge of running the mimeo machine and taking care of the editorials.

Special "acknowledgement" goes to

the advisor, Miss Clare Vivian, also known as "The Boss."

Last but not least was Kim McCarthy, our great Editor-in-Chief. Kim had many responsibilities, the largest of which was "leading the way." Among her other duties were "cracking the whip," making signs and head ringmaster.

But on June 10, 1976, the presses stopped! Silence filled the press room! Confusion left! No more Friday deadlines ... until September!

French Club has been a very busy club this year with the making of caramel apples and chocolate-covered bananas which they sold at home basketball and football games. They hope to raise enough money to help pay their way to France next year. At the end of the school season, they finished out the year with a special fondue dinner of French food. This year the officers were Patrice Thompson, President; Sue Little, Vice-President; Laura Teeple, Secretary; Renee Soboleski, Treasurer.

GAA remained as active this year as ever. Members of the association started off the year right with the annual bike-hike ending at Mrs. McCall's house where they spent the night. Open gym was held every Monday, and every Wednesday was open pool. Along with activities, badminton tournament was held in the fall and bowling took place every Thursday in the winter. Also included on the GAA agenda were ice skating, biking and paddleball. Mrs. Burns and Mrs. Rix once again pitched in to help GAA have another successful year.

The 1975-76 Marysville Marching Band

The Marysville Marching Band has participated in many outside events this year. When it came time for the homecoming parade, the band was ready to lead the way. They played during all the home football games to brighten up the halftime presentations. They also marched through downtown Marine City and Samia in the Christmas activities. The University of Michigan Band Day was one of the highlights of the year. The annual Christmas program was presented December 18, 1975. The band also hosted the Area Band Festival April 28, 1976. After working with the Woodland Aide Kids, the Student Aides from MHS gain a great deal of knowledge. They develop a better self-understanding and an understanding of others. Learning from a book cannot compare to the lesson learned by experience.

Travel is a Part of Education

Pat Burley and Annette Schild

The 1975-76 foreign exchange student to Marysville High School was Annette Schild of Germany. Annette's native home is in Bad Honned, West Germany. During her stay in America she resided at the home of senior Mary Meinhardt and her family. While attending school in Marysville, Annette kept herself very busy by participating in Girls' Varsity Basketball and Volleyball. She also was a member of Girls' Varsity Club and GAA.

Language was no problem for Annette since she had studied English for seven years before coming to America. She also speaks French, Latin, Dutch, and German.

Annette enjoyed living in America and found it very interesting.

Pat Burley, a senior at Marysville High School, was chosen as last summer's Youth For Understanding representative.

For almost three months Pat's home was in the small village of Koniz in the Kanton Bern, Switzerland. Pat enjoyed climbing mountains, boxing and playing soccer. He also won first place in an amateur curling tournament. Pat concluded his travels by hitch hiking to France, Italy, Germany, Austria, and Liechtenstein with his Swiss brother Thomas Jundt.

Pat would like to return to Switzerland some day and urges all students to apply for YFU aid.

The Class of '76 presented the comedy "Slice Purchall Scott Quant It Thin" on May 9, 1975. The play centered around the Coleman family - mother "Herman," daughter Carol and songwriter son Ben.

Their adventures provided a good deal of humor when a famed movie idol, a wacky Russian actress, an ocean-going sailor, a southern belle, a crazy agent, a nosy gossip columnist and a sleepy photographer invaded their home. Herman finally resorted to gunplay to bring order out of the chaos. The final coup of the evening occurred when the Coleman children PRODUCTION STAFF learned that Waverly, the movie star, was really their father.

The senior play "Surprise!" was presented on November 21, 1975.

The curtain went up at the Seven Maples Inn, owned by Ella Wimsley, seventy-year old silent film star. It was opening day, and little did Ella realize the surprises she would encounter! She was mistaken for a chiropractor's mistress; however, the chiropractor developed amnesia just before his wife arrived. He was hidden in the ottoman until he remembered who he was.

Further complications occurred when a patient escaped from the local sanitarium and Ella learned that her granddaughter was going off for a weekend with her hippie boyfriend.

When the doctor was discovered in the ottoman, the rumpus began.

All's well that ends well, and with a little skill and wisdom of her years, Ella managed to unsnarl every knot. It was a brilliant performance by the Class of '76.

The 1975 Girls' Varsity Basketball team had a super exciting season this year, compiling a fine 11 and 3 SCAL Record and an overall record of 12 wins to only 7 losses. They were in second place right behind Algonac and were considered one of the best teams in the Blue Water Area.

Coach Roger Allen directed the Vikettes for his first year as a girls' coach. Mr. Allen felt that his task was to communicate much better with them. The Vikettes, as well as Coach Roger Allen, believe that it does take the team as a whole to win at basketball, and the Vikettes

were truly that team.

To show how much the SCAL coaches respected the Vikettes, they placed all five of the starters on the All-League team. Of the five, three girls received the honors of representing Marysville on the All-Blue Water-Area team.

In October their float placed second in Homecoming competition. The "hat" was built at Doug Redford's home with Miss Arno supervising every work session.

January 24 was a special evening for all Juniors as the Junior Prom "Magic Moments" was held. Two months preparation proved worthy when 50 couples passed through the doors and danced all night. The 1975-76 Junior Class Officers and Steering Committee were kept busy this school year. In fact, they were busy before the school year started. In July, two car washes were scheduled although only one materialized. Rain prevented the first and slowed business on the second, but the students enjoyed working anyway.

Jennifer supervises the float building.

During one of the pep rallies, the Class of '77 won over \$10.00 by building the tallest pyramid. It was five layers high and everyone enjoyed the climb!

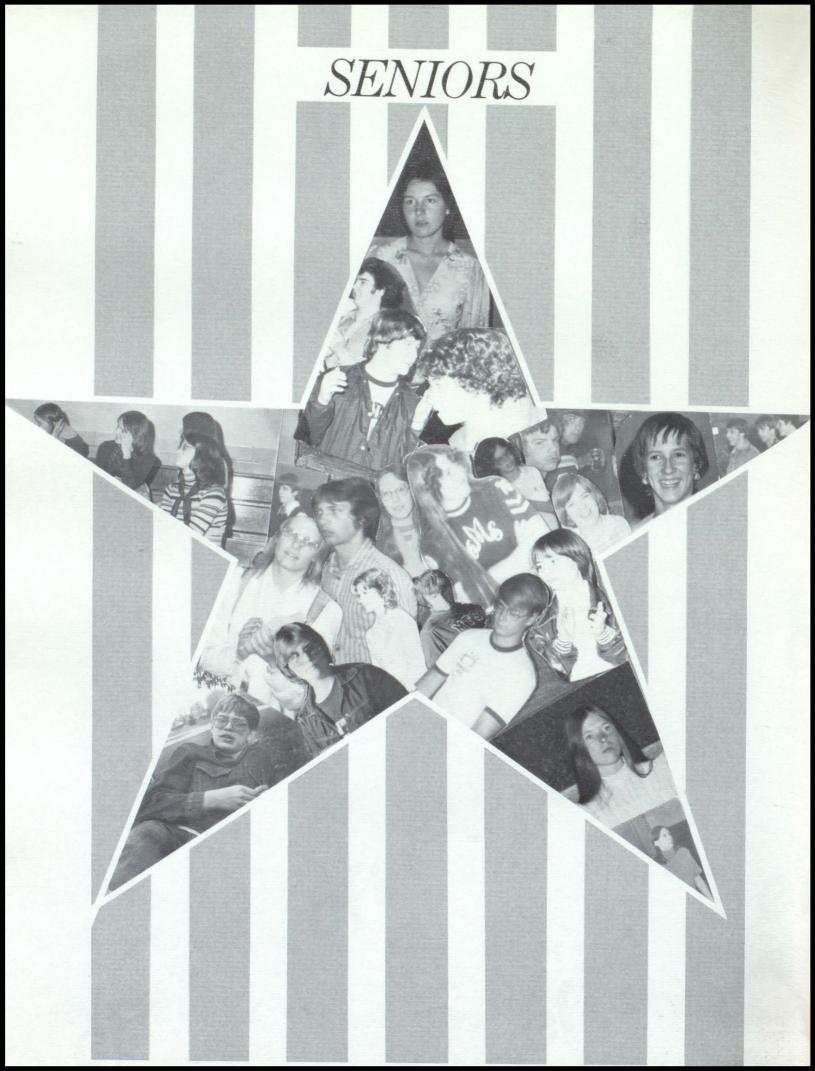

Mr. Puskarich, the chief advisor, was constantly working for the Junior Class. He kept a watchful eye over the entire prom planning and helped all year long towards making the 1975-76 school year one the Class of '77 would never forget.

CLASS SONG

"Theme From Mahagony"

Do you know where you're going to? Do you like the things that life is showing you? Where are you going to? Do you know? Do you get what you're hoping for? When you look behind you, there's no open door. What are you hoping for? Do you know? Once we were standing still in time chasing the fantasies that came into our minds. You knew how I loved you but my spirit was free — laughing at the questions that once asked of me. Do you know where you're going to? Do you like the things that life is showing you? Where are you going to? Do you know?

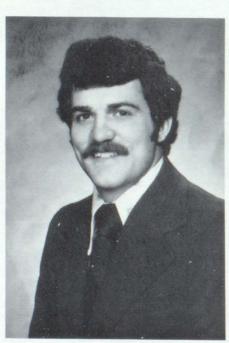

Now looking back at all we've planned, we've let so many dreams just slip through our hands. Why must we wait so long before we can see? How sad the answers to those questions can be? Do you know where you're going to? Do you like the things that life is showing you? Where are you going to? Do you know? Do you get what you're hoping for? When you look behind you, there's no open door. What are you hoping for? Do you know?

OUR HOUSE IS YOUR HOUSE

We're more than a local retailer ... we're your neighbor. Our kids join yours in school, church and on the playground. We work with you fixing and painting up the neighborhood. And get together for good times at many of the same clubs and community organizations.

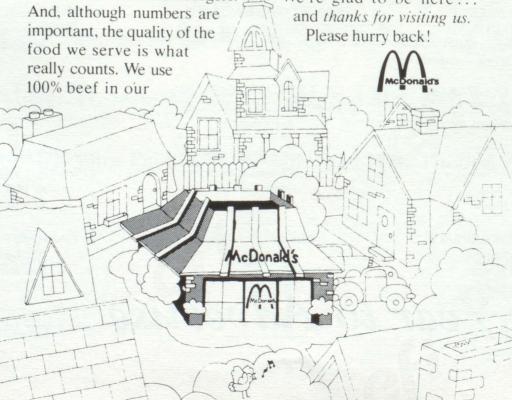

And because being a part of your community is a pleasure for us, we hope it will be a pleasant experience for you.

Your new McDonald's is part of a national organization that has sold billions of hamburgers. And, although numbers are important, the quality of the food we serve is what

hamburgers, and it's purchased locally, as are most of our other food products and condiments. And all must meet our high quality standards.

We're justifiably proud of our spotless kitchens, and invite tours by Scout, school and club groups to observe first-hand how we turn out a meal in less than a minute. We can also prepare orders of almost any size for parties, picnics or club meetings. And we invite charitable organizations to let us lend a hand.

We're glad to be here... and thanks for visiting us. Please hurry back!
